

Press release

QUAD CHEMICAL CORPORATION and KAO CHEMICALS EUROPE reach distribution agreement for high performance fertilizer coating additives for the US market.

Virginia Beach, VA (July 15th, 2021) – **QUAD CHEMICAL CORPORATION** announces that it has entered into a partnership with **KAO CHEMICALS EUROPE** to create and develop a market within the United States for KAO’s high performance fertilizer coating additives. This will help QUAD to keep offering high quality products and services to its existing and new customers.

Sarah Hall, CEO at QUAD CHEMICAL CORPORATION, said “Our Partnership with KAO will allow us to provide high performance coating additives to the US fertilizer industry and will enable us to increase our portfolio with high quality products that aligns with our customer focus.”

“QUAD is a great partner and this agreement exemplifies their dedication to the fertilizer industry in the USA. This partnership reflects our desire to expand in the US market as well as underscores our commitment to high quality services for our high-performance coating additives” said **Francesc Fossas, VP Sales & Marketing at KAO CHEMICALS EUROPE**.

KAO and QUAD are readily equipped to develop tailor-made solutions to meet the challenges of fertilizer production, storage and transportation. The services offered by KAO and QUAD propose fully integrated support for its customer’s needs that include identification of optimum additive formulations, evaluation of key properties and the supporting of industrial process trials and implementation to target free flowing properties.

About QUAD Chemicals Corporation

Quad Chemical Corporation is a privately held chemical and agricultural products company, marketing and distributing products with a global reach. We work to match and serve the unique needs of each customer with the products and services from our matrix of quality producers. At QUAD we are in the business of solving supply challenges with consistency, quality and integrity.
