PRESS RELEASE

KAO CHEMICALS EUROPE appoints CHEMSYNERGY as its European Cooperation partner for Oleochemicals

Barberà del Vallès (October 27th, 2021) – Following many years of successful cooperation, **KAO CHEMICALS EUROPE** and **CHEMSYNERGY** are pleased to announce that CHEMSYNERGY is now officially responsible for Europe-wide distribution- and filling business for oleochemicals from 1.10.2021. Their main focus lies with the tertiary amines product range.

CHEMSYNERGY is a global supplier of Basic Oleochemicals and Derivatives focused on the Personal Care Industry, Household Products/Detergents as well as Industrial Applications. ChemSynergy fully supports developments towards sustainability. Consequently, the company has been certified according to RSPO regulations.

The central product groups covered by Chemsynergy for KAO CHEMICALS EUROPE are Fatty Alcohols and Tertiary Amines.

Francesc Fossas, VP Sales & Marketing at KAO CHEMICALS EUROPE, said “ChemSynergy distinguishes itself from other distributors in the industry by providing technical and process consultancy to their partners, especially for the production of oleochemicals and their derivatives”.

ChemSynergy maintains offices in the United Kingdom Philippines and India.

About ChemSynergy

ChemSynergy’s head office is located in Meerbusch, Germany and has built a distinguished global reputation throughout the oleochemical industry, which has enabled ChemSynergy to become a major chemicals producer and distributor for Europe, Middle East, Africa and North America. The company’s primary focus is the supply of oleochemicals based on renewable sources.
